With One Season To Go

---

tacie Hurst and Robbie Hudgins are not a sister and a brother,
hey are cousins tried and true who just depend on one another!
hey grew up together, shared their good times and their bad;
aughed as one when they were happy and cried together when they
ere sad.
hey've always spent their summers and their holidays together;
tacie and Robbie can have a good time in the stormiest of weather.
hey started school in 1986, marched side by side and hand in hand,
hey're marching out now and life is good and great and grand.
tacie and Robbie are cousins, but they're the best of friends too.
nd although life's ever changing, they will always stick like glue!
